WARNING

Viewing and interacting with our Virtual Reality (VR) demos is at your own risk!

Usage of a VR headset, like the HTC Vive or Microsoft Hololens, isn’t suited for everyone. Some people experience negative physical and/or mental reactions when viewing, experiencing or interacting with a virtual 3D world.

Don’t interact with these demos, if:
• You have known eye/or vision problems
• You are sensitive to visual stimuli, like light flashes
• You are younger than 12 years of age

Immediately remove the VR headset from your head in case of:
• Eye strain
• Headache
• Nausia
• Vertigo / loss of balance
• Disorientation
... or any other form of discomfort

In general, most users have a very positive experience.
We hope you enjoy our demonstrations!
